

THE DESIGN STEPS

LEARN

DRAW

MAKE

LEARN

We are going to design something.

Let's learn about it first. There is so much to learn. It's interesting, isn't it?

DRAW

Draw your ideas. You are designing now.

Drawing your ideas is fun. Draw one idea, draw two, draw more!

MAKE

Pick your best idea and make it.

Make it carefully. Mind you don't spill glue or paint. Making things is fun!
